

MORE than just point-of-sale software!

Since 1994 Gatemaster has been the best point-of-sale system for laser tag operators.

Why? Because Gatemaster includes essential features for laser tag that **no other software system has...**

WITH A GLANCE KNOW:

- Name and times of upcoming games.
- Number of players in each game.
- Availability for more players.
- Minutes until the next game.

LASER GAME CONTROL:

- Adjust player capacity for each game – never oversell.
- Individually open and close games to additional sales.
- Sell players or parties of players into future games.
- Guided booking of events that include laser games.
- Last moment changes to player or event scheduling.
- Laser game roster reports.

TRACK AND MANAGE:

- Coupons and laser tag promotions
- Memberships and Member privileges
- Gift and game room cards
- All day laser tag passes
- Events / Parties
- Customer rewards

Point-of-sale screens update INSTANTLY with current data from all registers.

Automatically view player's photo on the point-of-sale screen.
